

Who we are: Advanced Radiology Services is one of the largest physician-owned radiology practices in the country. Our growing practice includes 175 radiologists, 38 advanced practice providers, and 130 employees providing administrative support in our wholly owned subsidiary STARS. We value diversity on our team and promote a culture of inclusion.

What we do: ARS provides radiology services to more than 60 different sites across the state of Michigan. We are the exclusive provider to Covenant Hospital which is the largest, most comprehensive health care provider in the region with 643 beds. Covenant offers a broad spectrum of programs and services ranging from high-risk obstetrics, neonatal and pediatric intensive care, to acute care including a Level II Adult and Pediatric Trauma Center, cardiology, oncology, orthopedics and robotic surgery.

What we are looking for: We are seeking an **Interventional Radiologist** to join a team of 5 fellowship trained IR physicians and work in the tri city area of Saginaw, Midland and Bay City. This is a full-time partnership track position and will rotate through various sites. This role will cover primarily daytime shifts and participate in call coverage one week per month.

Responsibilities:

- This position is estimated to be greater than 75% interventional radiology with some general diagnostic radiology responsibilities.
- The IR practice covers a wide spectrum of inpatient and outpatient interventional procedures, including interventional oncology, vertebral augmentation, ablations, trauma embolization, GIB embolization, venous intervention, central venous access including implanted ports, peripheral vascular disease, biopsies, etc.
- Established Interventional Oncology service line using microwave ablation, chemoembolization, and glass radioembolization practice at Covenant Hospital with extensive referrals from around the region utilizing top-of-the-line Siemen's equipment in three dedicated Interventional Radiology rooms.
- Supported by two APPs who perform minor procedures, round, and see consults.

Requirements:

- Certified by the American Board of Radiology or American Osteopathic Board of Radiology
- Completion of interventional radiology fellowship or significant practice experience

Why is our IR practice unique? ARS is a 100% physician owned and managed practice and fully committed to remaining independent. We are establishing a state wide IR service leveraging our DR (distributed radiology) platform. This allows us to interact with colleagues and provide expertise in all locations. Additionally we have an outstanding team of Advanced Practice Providers rounding and performing minor procedures at our hospitals throughout the state. We have quarterly peer review meetings to support physicians and promote continued learning. We now have an interventional radiology residency program in Grand Rapids which will allow our physicians opportunity for teaching and research if desired.

Compensation/Benefits: We offer a competitive salary/bonus and opportunities for additional shifts. Our physicians pay nothing for medical/dental/vision coverage. We also contribute the maximum amount allowed to the 401K plan. We offer a generous vacation package and we are continually striving to improve the work/life balance for our physicians.

Why do you want to live here? Resting on more than 77 miles of freshwater coastline, the Great Lakes Bay Region offers a wide variety of communities, ranging from suburban tree-lined streets and scenic waterfronts to bustling downtown areas. There are award winning schools and a diverse business community including global companies such as Dow Chemical, Dow Corning and Michigan Sugar. Recreational opportunities abound on Lake Huron's Saginaw Bay or the many rivers in the area including sailing, world class fishing, kayaking and hiking.
