

**Who we are:** Advanced Radiology Services is one of the largest physician-owned radiology practices in the country. Our growing practice includes 160 radiologists, 30 advanced practice providers, and more than 100 employees providing administrative support in our wholly owned subsidiary STARS. We value diversity on our team and promote a culture of inclusion. ARS is the largest affiliated radiology practice of the Michigan State University College of Human Medicine.

**What we do:** ARS provides services to more than 60 different sites across the state of Michigan with a combination of on-site and remote teleradiology reading in our central offices and homes. We are the exclusive radiology provider to West Michigan's largest Level I trauma center and research hospital, Spectrum Health. Spectrum has a full array of multidisciplinary programs in heart transplant, lung transplant, interstitial lung disease, sarcoidosis, and thoracic medicine and surgery programs serving patients with structural heart disease (TAVR, TAMR) HCM, heart failure, and lung cancer. There is a busy adult and pediatric congenital heart disease service that ARS shares the pediatric and congenital cardiac MR services. We are expanding our cardiac MR and PET-CT services in our distributed radiology network.

**What we are looking for:** We are seeking a full-time **Thoracic Radiologist**. This is an outstanding opportunity for someone to take on a leadership role and further develop the service line in our **Grand Rapids Spectrum Health** site. This candidate will join 3 cardiothoracic fellowship trained radiologists and a large group of body fellowship trained radiologists who subspecialize in thoracic imaging. This is a partnership track position working 39 weeks and 11 weekends. We also offer flexible staffing options including a no-weekend/holiday alternative track option.

#### **Responsibilities:**

- Interpret routine cardiothoracic and body CT/CTA and MR/MRA and high-resolution chest imaging
- Participate in Multidisciplinary Team Conference duties
- Support medical student and resident teaching and scholarly activities
- Participate in Body/ER section rotations as preferences and skills allow and as desired

#### **Requirements:**

- American Board of Radiology or American Osteopathic Board of Radiology certified
- Thoracic or cardiothoracic fellowship or commensurate experience in the discipline.
- Our primary need is in thoracic radiology. Cardiac MR skills are not required.

**Why is our practice unique?** ARS is a 100% physician owned and managed practice. We are committed to remaining independent. We are looking for entrepreneurial minded physicians who value involvement in decision making and developing our business strategy. Participation in section, committee and board meetings is not required but welcomed from day one. While we are an independent private practice, some of our physicians practice with an academic focus. In affiliation with

Michigan State University College of Medicine, our radiologists have opportunities to teach and mentor residents and pursue research if desired. Due to the size and breadth of the healthcare systems we support, diagnostic volume and variety of clinical exposure is unrivaled.

**Compensation/Benefits:** We offer a competitive salary/bonus and opportunities for additional shifts. Our physicians pay nothing for medical/dental/vision coverage. We also contribute the maximum amount allowed to the 401K plan. We offer a generous vacation package and we are continually striving to improve the work/life balance for our physicians.

**Why do you want to live here?** Grand Rapids has earned numerous awards and is considered one of the most desirable places to live in the country! Ranked number 13 in U.S. News & World Report's 2020 "Best Places to Live in the U.S.A.," Grand Rapids is Michigan's second largest city and less than a 60 minute drive to Lake Michigan beach towns such as Holland, Grand Haven, and Saugatuck. Grand Rapids also offers a growing economy, award-winning schools, and a craft brewery scene that is one of the best in the nation.
