

Body Imaging Radiologist

Regional Medical Imaging (RMI) – Flint, Royal Oak, Novi, Southgate

Full-Time | On-site and Remote Flexibility

Discover the Difference at Regional Medical Imaging

Are you a compassionate and detail-oriented radiologist who thrives in a collaborative environment? Do you find purpose in providing exceptional patient care while working with a passionate and forward-thinking team? If so, we invite you to explore a meaningful career with us at Regional Medical Imaging (RMI).

We're seeking a Body Imaging Radiologist to join our expert team in delivering high-quality, patient-centered diagnostic care. This role offers the opportunity to interpret advanced imaging studies, contribute to a highly respected practice, and help shape the future of body imaging through innovation and collaboration.

Why Choose RMI?

Regional Medical Imaging (RMI) is a premier, Radiologist-owned imaging practice headquartered in Flint, Michigan. With 10 strategically located centers across the state and over 31,000 scans performed annually, we serve a broad and diverse patient population with a commitment to excellence.

- Certified by the American College of Radiology (ACR) in all 22 categories
- Leveraging advanced AI technology to improve efficiency and diagnostic precision
- A collaborative, innovative culture led by radiologists who understand what you need to thrive
- Opportunities to contribute to research, mentorship, and clinical excellence

Your Role & Responsibilities

As a Body Imaging Radiologist at RMI, you'll play a vital role in diagnosing and managing a wide range of abdominal and pelvic conditions. Your day-to-day work will include:

- Interpreting high-volume CT, MRI, and ultrasound studies of the abdomen and pelvis
- Collaborating closely with referring physicians to provide timely, accurate diagnostic insights
- Participating in multidisciplinary case reviews and management discussions
- Staying current with advances in imaging techniques and technologies
- Opportunities for medical student and resident education as well as clinical research

What Sets You Apart

We're looking for candidates who are both clinically excellent and deeply committed to patient-centered care:

- MD or DO degree; Board Certified or Board Eligible in Diagnostic Radiology
- Fellowship training in Body Imaging or Abdominal Imaging
- Proficiency in cross-sectional imaging (CT/MRI) and abdominal ultrasound
- Excellent interpersonal and communication skills
- A collaborative mindset and desire to work as part of a cohesive radiologist-led team

Compensation & Benefits

RMI is proud to offer a comprehensive compensation and benefits package designed to support both your personal well-being and professional success:

- Competitive Salary, aligned with market standards
- Generous Vacation Time & CME Allowance
- Up to \$2,000 CME reimbursement, with amounts over that available pre-tax
- 100% Employer-Paid Professional Liability Insurance
- Professional Membership Support
- 50% reimbursement for Michigan Medical Society, ACR, and two additional societies

- Fully Equipped Home Workstation with Full IT Support
- Advanced Artificial Intelligence Tools that streamline workflow and improve efficiency
- Comprehensive Health, Dental & Vision Insurance
- 401(k) Plan with Company Matching
- On-Site Mental Health & Wellness Resources

Ready to Make an Impact?

At RMI, this is more than just a job; it's a calling. You'll have the chance to make a lasting difference in patients' lives while growing your expertise in a supportive and forward-thinking environment.

Regional Medical Imaging is an equal opportunity employer. We celebrate diversity and are committed to creating an inclusive environment for all employees. Candidates from all backgrounds are encouraged to apply.
